PROJECT WORK

2. Project work: - Make a French picture dictionary and name it “My First French Picture Dictionary” (Note: - 5 words for each letter in the alphabet) (Show your creativity).

MATHEMATICS

Theme : Physical features of Andaman and Nicobar Islands

Located between 6° and 14° North Latitude and 92° and 94° East Longitude lies the Andaman and Nicobar Islands, a union territory in India. It consists of two groups of islands. The islands located north of 10° north latitude are known as Andaman while islands located south of 10° north latitude are called Nicobar.

Formed of sandstone, limestone, and shale of Cenozoic age (i.e., formed during the past 65 million years), the terrain of the Andamans is rough, with hills and narrow longitudinal valleys. Flat land is scarce and is confined to a few valleys, such as the Betapur on Middle Andaman and Diglipur on North Andaman. Perennial rivers are few.

1. What is the area of Andaman and Nicobar Islands ?
2. What is the pin number of Andaman and Nicobar Islands ?
3. How many islands are there in all? How many are inhabited islands ?
4. What is the total population of these islands?
5. Write the names and heights of the mountains found there ?
6. How much area around the Andaman and Nicobar islands is covered with coral reef ?
7. What is the capital of Andaman and Nicobar islands ?
8. What is the distance between Delhi and the capital of Andaman And Nicobar Islands?
9. Can we go there by train ? Why or why not?
10. What is the air fare of the journey from Delhi to Port Blair?

PROJECT

Do the project according to the roll number.

ROLL NO. 1 to 12: A chart on Indian and International place value System.

ROLL NO. 13 to 24 : Try to make a piece of warli art using different geometrical shapes on an A4 size sheet.

ROLL NO. 25 onwards: Make 5 interesting Tangram shapes and paste them on a half chart paper and write 2 lines for each of the shapes displayed on the same chart paper.

(Do your work on A3 size sheets)

SOCIAL STUDIES

1) Study about the physical features of Andaman and Nicobar Islands .Cover the following points on an A4 Sheets.

- a) Latitudinal and Longitudinal extent of Andaman and Nicobar Islands.
- b) Total number of Islands.
